2015 FALL PROFESSIONAL DEVELOPMENT DAY

Like Tweet 6

COMING SEPTEMBER 29, 2015

LIMITED SEATING REMAINING!

There will be an opportunity this Fall to learn leadership techniques that will help you to **increase the level of engagement, commitment, and support in the people working on your project teams and in your organization.** Through the practice of **“Grateful Leadership”** you will learn to provide them with the affirmation of their value and contribution that we all need. Practicing acknowledgement behavior will

inspire others to do the same and can begin a transformational movement in your organization.

Judith Umlas, a dynamic trainer and speaker, will share her techniques and experience with our PMI Buffalo Fall 2015 PDD audience in the Keynote Session. Having trained over 20,000 executive and professionals, she knows how to deliver the message to produce results for her audience. In addition to Judith, we will have two fantastic afternoon presentations on topics of keen local interest.

- **Matthew Enstice**, President and CEO of the Buffalo Niagara Medical Campus, will talk to us about how the coordination and colocation of medical care, research, and education organizations can drive the revitalization of Buffalo.
- **Donna Fernandes**, President and CEO of the Buffalo Zoo, will talk about “The Buffalo Zoo: Past, Present and Future”. The Zoo is dear to the hearts of most WNY residents. With a major new exhibit scheduled to open in September 2015 you will get an opportunity to hear some of the details on that project.

For additional details on the program, costs, and the facility you can link to our Chapter website at PMI Buffalo Fall 2015 PDD. Register at our Event Registration page.

Be the leader that you know you can be. **Come to PMI Buffalo Fall 2015 PDD ... and bring your team**
