## Coronavirus/COVID-19 Edition

March 29th 9:30PM Update

I hope everyone is doing well, staying safe, and staying healthy.

At PMI Buffalo, we are constantly monitoring the Coronavirus/COVID-19 pandemic with the safety and well-being of our volunteers and members in mind. During these uncertain times, I want to assure you that PMI Buffalo is here to support you. As we adjust to a new norm, we remain laser-focused on being a resource for you - our members, certification holders, and key stakeholders in our Western New York community.

### Continuity of Service

We have been working to restructure and reimagine our upcoming [April dinner event](#) into a fun, interactive virtual event in collaboration with ISM. The event is free and I encourage you to [register today!](#)

PMI Recently developed a [resource hub](#) with online learning opportunities, many of them included in your membership. We have also worked collaboratively with the Presidents of other PMI chapters to bring additional resources to you. These are available on our [website](#).

### Hardship Assistance

PMI and the Buffalo chapter recognize many in our community have been laid off and are struggling to take care of basic needs. If you need assistance with your membership, please contact [customercore@pmi.org](mailto:customercore@pmi.org).

### Your vote counts

On April 1st you will receive a ballot to vote on the most recent recommended changes to the PMI Buffalo Bylaws. Please take a moment to read through the bylaws. Your vote matters!

### Summary

As we did throughout this month, we will continue to update you on our approach as information becomes available from the World Health Organization, Centers for Disease Control and local authorities. For more information, please reach out to [president@pmibuffalo.org](mailto:president@pmibuffalo.org). Thank you for being an honored member of PMI Buffalo.

Fearless

Bright

Nurturing

Jeff Manhardt | PMP
